AUDITORS' REPORT

To the Board of Directors of the
Ontario Trillium Foundation

We have audited the balance sheet of the **Ontario Trillium Foundation** as at March 31, 1997 and the statements of Operating Fund revenue and expenses, Program Fund balance and changes in financial position for the year then ended. These financial statements are the responsibility of the Foundation's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the Foundation as at March 31, 1997 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles. We report that, in our opinion, these principles have been applied on a basis consistent with that of the preceding year.

Ontario Trillium Foundation

NOTES TO FINANCIAL STATEMENTS

March 31, 1997

1. PURPOSE

Ontario Trillium Foundation ["Trillium"] began operations on August 23, 1982 and was incorporated without share capital under the laws of Ontario under letters patent dated November 17, 1982. The purpose of Trillium is to work with others to create conditions of social progress for people in Ontario who are socially or economically disadvantaged.

2. SIGNIFICANT ACCOUNTING POLICIES

Because Trillium receives all of its program funds from the Ontario Ministry of Citizenship, Culture and Recreation [the "Ministry"] and such funds are to be used in support of the purpose described above, the financial statements have been presented in a manner which segregates the accounts into Operating and Program Funds.

- **Operating Fund**

  The Operating Fund's purpose is to record the assets, liabilities and interest revenue earned on Program Fund investments and expenses which are determined to pertain to the operations of Trillium.

- **Program Fund**

  The Program Fund's purpose is to record the assets, liabilities and funds received from the Ministry, as well as grants awarded and non-grant contributions to the community, all of which pertain to the direct fulfillment of the purpose of Trillium described in note 1. At the end of each year, the Program Fund is credited with the excess of revenue over expenses of the Operating Fund for that year.

Fixed assets

Fixed assets, including leasehold improvements, are initially recorded at cost. Certain office furniture, carried at a nominal value, has been donated to Trillium. Normal maintenance and repair expenditures are expensed as incurred.

Depreciation and amortization are provided on the straight-line basis over a period of up to five years so that the total cost of the assets will be expensed over their estimated useful lives.

Ontario Trillium Foundation

NOTES TO FINANCIAL STATEMENTS

March 31, 1997

5. GOVERNMENT PARTNERSHIP PROGRAMS

During the year, Trillium received a one-time grant of $4.5 million from the Ministry to deliver funding programs within the context of the Equal Opportunity Plan and the Initiative for Vulnerable Adults. These funds are subject to a Memorandum of Understanding with the Ministry and must be invested and disbursed in a mutually agreed upon manner.

6. NON-GRANT CONTRIBUTIONS TO THE COMMUNITY

	1997 $	1996 $
Research Project on Community Economic Development	20,000	—
TVOntario Fundraising and Board Basics Series	—	20,000
Funders' Alliance	—	3,000
Other non-grant charitable contributions	69,237	35,200
	89,237	58,200

Non-grant contributions to the community are charitable activities other than grants, such as partnerships with other organizations, projects initiated by Trillium and technical assistance to community organizations. Costs shown as other non-grant charitable contributions represent transfers from operations.

7. COMPARATIVE FINANCIAL STATEMENTS

The comparative financial statements have been reclassified from statements previously presented to conform to the presentation of the 1997 financial statements.
